SPRING 2018

# WOMEN WHO DARE

## LIVE BOLDLY

**Think boldly:** with creativity, curiosity and confidence.

**Speak boldly:** with honesty, compassion and courage.

**Act boldly:** with passion, positivity and zeal.

**Dream boldly:** with inspiration, ambition and wanderlust.

Bold is in the choices you make. It's the path you take when you follow your heart, when you heed the voice inside you. Bold is your signature style. It's your radiant smile. It's the clothes you wear, and the company you keep. And your bold is up to you. You can hold it within you. You can share it with the world. So embrace your bold. Own it and honor it. Be bold, be brave, be exquisitely alive in all that you do.

**Because your bold is beautiful.  
And your bold is all you.**

We are women (and a few men), designing for women, amid wild and wonderful beauty. We're rooted in the mountains of Colorado, surrounded by inspiration and ready to roam. We believe in living boldly, in bringing our passion and vision and purpose to life. We create quality-driven products, apparel that invigorates your spirit and flatters your body and mind. We craft fashions that captivate, that accent your adventures and cloak you in daring.

We're enamored with challenge. We're in love with fresh air.
